Who We Are

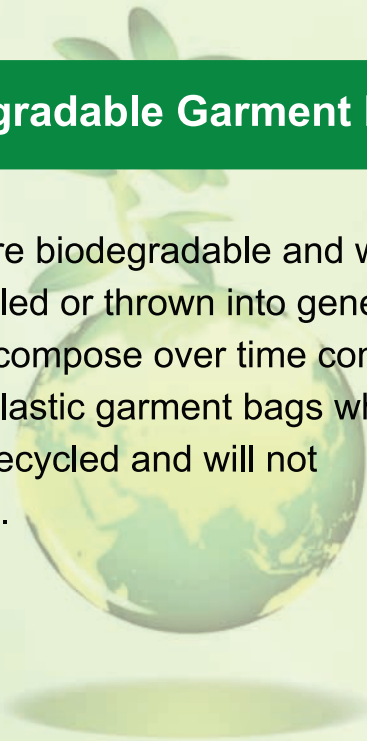

- Dry Clean 365 is a GREEN company
- Organic cleaning and 100% recyclable and biodegradable bags
- State of the art facility
- With home delivery to Northern and Northwest suburbs of Chicago

Environmentally Friendly Plant

Our plant is state-of-the art, incorporating the latest technology and cleaning methods to delivery freshly cleaned and pressed garments efficiently with less energy use. All garments are automatically sorted and bagged in a fraction of the time, further reducing our carbon footprint. The solvent we use is organic and less harmful to the environment than traditional plants where 'Perc' (or perchlorethyene) is used.

Biodegradable Garment Bags

Our bags are biodegradable and when either recycled or thrown into general trash they will decompose over time compared to traditional plastic garment bags which cannot be recycled and will not decompose.

Free Pick up and Delivery

Dry Clean 365 Benefits:

- Organic dry cleaning
- Free pick up and delivery twice a week (call for scheduling)
- Personalized Express Bag
- No need to be home
- No minimum order
- Billed once a month
- Sign up online today!
- Ask about our referral program!

Hanger Recycling Program

We encourage you to bring us in your old hangers. We will supply you with a free hanger box. Clear out your closet and when your box is full just bring it in and we'll give you another free box. It's easy and it's smart.
